SAMS Ceramics

Today, ceramic sanitary ware is not just about bathing equipment - it defines your personality. With a global budget of \$8.5 billion spent on sanitary products in 2013, it's clear that people are making it a priority. India isn't lagging behind either as sanitary ware and bathroom fittings are estimated to be valued at around \$ 427 Million in 2014 with a CAGR around 12.5% - 15% between 2012 - 2018.

At Sams Ceramics, we revolutionize ceramic sanitary ware and bath fixtures. Our bathroom solutions are chic, versatile, and modern because we believe that hygiene is all about comfort and tranquility.

Our Values

We are an experienced agency with modern beliefs and our values reflect that.

Customer care - We go the extra mile to please our clients because the customer always comes first.

World-class quality - We stock products that are of the highest quality from across the globe.

Competitive pricing - We maintain overheads that ensure pricing benefits are passed on to our customers.

Our Store

Our multi-story showroom at Bannerghatta, Bangalore, is spread across 15000 square feet. We have a vast stocking capacity, with a customized ERP system integrated with bar coding along with a CRM module for prompt customer support.
